

RESOLUTION OF THE GOVERNMENT OF THE CZECH REPUBLIC

of 14 February 2021, No. 134

adopting an emergency measure

In relation to Government Resolution No. 125 of 14 September 2021, whereby the government, in line with Articles 5 and 6 of Constitutional Act No. 110/1998 Coll., on the Security of the Czech Republic, declared a state of emergency for the Czech Republic, due to a threat to health in relation to the documented occurrence of a coronavirus (designated as SARS CoV-2) in the Czech Republic, and in line with Section 5(a) to (e) and Section 6 of Act No. 240/2000 Coll., on Crisis Management, and amending certain acts (the Crisis Act), as amended, to address the current emergency situation, the government has decided to adopt emergency measures pursuant to Section 5(1)(c) and Section 6(1)(b) of the Crisis Act.

Effective from 12:00 a.m. on 15 February 2021 until 11:59 p.m. on 28 February 2021, the **government** restricts the free movement of persons in the territory of the Cheb, Sokolov and Trutnov districts and when leaving them, in that it

I. prohibits

- a) all persons with their place of permanent residence or dwelling in the territory of the Cheb, Sokolov and Trutnov districts from leaving the territory of the given district
- b) all persons who do not have their place of permanent residence or dwelling in the territory of the Cheb, Sokolov and Trutnov districts, from entering, moving about and staying in the territory of these districts,

with the exception of:

1. travel for the purpose of performing an occupation or activities which serve to ensure
 - a) security and safety, internal order, and crisis management;
 - b) the protection of public health, provision of healthcare or social care, including volunteer activities,
 - c) public transit and other transport infrastructure,
 - d) services for citizens, including supply and delivery services;
2. children, pupils and students participating in education at facilities which are not subject to restricted operation pursuant to Czech Republic Government Resolution No. 129 of 14 February 2021, and their essential escort,
3. urgent trips that are necessary due to the protection of life, health, assets or other statutorily protected interests;
4. travel to work and for the purpose of carrying out business or other similar activities and for carrying out the duties of a public official or constitutional authority;

5. travel to see to the essential needs of relatives or next of kin or needs of other persons (e.g. volunteers, neighborly assistance, etc)., provision of childcare, provision of care for animals,
6. essential travel to healthcare facilities and social service facilities, including the necessary accompaniment of relatives and next of kin, and to veterinary care facilities;
7. essential travel for the purpose of arranging official matters, including arranging the necessary accompaniment of relatives and close persons,
8. essential travel for the purpose of individual spiritual care and services,
9. essential travel for the purpose of veterinary care,
10. essential travel for the purpose of attendance at weddings, declarations of entry into registered partnerships, and funerals,
11. travel back to the place of permanent residence or dwelling;

II. orders

- a) the obligation on all persons using the exemptions pursuant to point I to prove the justification of using these exemptions,
- b) the obligation on all persons staying in and moving around the territory of the given district, except for the persons specified under point I/2 of the extraordinary measures of the Ministry of Health of 7 December 2020, Ref. No. MZDR 15757/2020-43/MIN/KAN, to use a medical face mask (surgical mask) or respiratory or half-mask without an exhalation valve, with a filtration efficacy of minimally FFP2, KN95 or N 95, as a means of protecting the respiratory passages,
 - in all indoor premises of buildings, except for their place of permanent residence, dwelling or accommodation,
 - in means of public transport,
 - in all other publicly-accessible spaces and public premises, where there are at least 2 persons present in the same place at the same time at a distance of less than 2 meters, unless these are exclusively members of one household;

III. stipulates that the obligations stipulated in points I and II(a) do not apply to persons who are provably in transit via the given territory, particularly such as workers in international forwarding; such persons in transit are prohibited from stopping in the territory of these districts, unless absolutely essential;

IV. thoroughly recommends that all workplaces and places of work or service performance in the territory of the given district, where it is not possible to maintain a distance of at least two meters between workplaces or places of work and service performance, where there is an increased accumulation of employees and other persons in one area,

1. implement system and organisational measures leading to:

- a) the limitation of physical contact between persons, including the possible creation of partitions between individual places,
- b) the limitation of the gathering of persons in common areas,

c) the support of home office, organization of working hours and breaks, shift change management,

d) the sufficient airing or ventilation of the workplace, increased hygiene of hands and surroundings,

2. the limitation of access for persons not performing work, occupation or other activities at the location, agency and seasonal workers and employees at the place of work, occupation or service performance,

3. ensuring the possibility of conducting the antigen testing of workers and employees once every three days.

Ing. Andrej Babiš, Prime Minister
